IMPROVING VOTER TURNOUT EMPOWERS THE COMMUNITY

Help stimulate vigorous and vibrant community turnout for the 2016 LOCAL AND NATIONAL ELECTIONS June 7 and November 8, 2016.

With less than 10% of eligible voters actually voting, the 2014 Voter Turnout in South Los Angeles was lowest since 2003.

In 2016 we now have a flood of parolees who have regained their right to vote but are returning to the same dismal economic depression that gripped the area during the 1992 “Civil Unrest”.

Voting for local issues and representatives
MAY BE MORE IMPORTANT THAN THE
PRESIDENTIAL ELECTION!
